Attributes

Product Description

The Pantum M6702DW is a high -performance multifunction printer (Print / Scan / Copy) designed for busy offices and home workspaces. Delivering fast printing speeds of 30 ppm (A4) / 32 ppm (Letter) with 1200x1200 dpi resolution, it ensures crisp, professional-quality documents every time. Equipped with a 525MHz processor and 128MB memory, plus versatile connectivity via USB, Wi-Fi, and Ethernet, this duplex printer handles up to 60,000 pages per month, making it perfect for high-volume printing needs. Reliable, efficient, and compact, the M6702DW boosts productivity while maintaining superior print quality.
