Product Description

The Dell 15 DC 15250

The Dell 15 DC 15250 is a reliable everyday laptop designed for students, office work, business tasks, and entertainment. Powered by the Intel Core i5 1334U processor, it delivers smooth performance for multitasking, browsing, online classes, Microsoft Office, and light creative work.

Featuring a 15.6-inch Full HD display, this laptop offers clear visuals and a comfortable viewing experience for work and streaming. With 8GB RAM and a fast 512GB SSD, you get quicker boot times, responsive performance, and enough storage for documents, media, and applications.

 Key Features:

- Intel Core i5 1334U Processor
- 8GB RAM for smooth multitasking
- 512GB SSD for fast speed & storage
- 15.6" Full HD Display

- Ideal for students, office, business & daily use
- Sleek and modern design

Perfect choice for users looking for performance, reliability, and value in one laptop
