Product Description

DJI Avata 360 Drone Fly More Combo (DJI RC 2 Controller)

8K 360° Imaging, Intelligent Tracking & Precision Aerial Control

The DJI Avata 360 Drone Fly More Combo with DJI RC 2 is built for creators who want complete control and limitless creative flexibility. Featuring a 1-inch equivalent sensor, it captures stunning 8K/60fps HDR 360° video and up to 120MP photos with exceptional clarity and dynamic range. Its 360° imaging allows you to capture everything in one flight and reframe later for multiple cinematic angles. With ActiveTrack 360°, omnidirectional obstacle sensing, and O4+ transmission, it ensures smooth, safe, and reliable flight. The DJI RC 2 controller offers precise handling, while up to 23 minutes of flight time supports professional aerial content creation.

Feature	Details
Camera	1-inch equivalent sensor, up to 120MP 360° photos
Video	8K/60fps HDR 360°, 4K single-lens mode
Imaging	Full 360° capture with reframing capability
Stabilization	Advanced electronic stabilization for ultra-smooth footage
Flight Time	Up to 23 minutes
Transmission	DJI O4+ system, 1080p/60fps live feed, up to 20 km range
Controller	DJI RC 2 with built-in display
Tracking	ActiveTrack 360° intelligent subject tracking
Safety	Omnidirectional obstacle sensing, propeller guards
Modes	360° mode + Single-lens cinematic mode
Storage	42GB internal storage + microSD support
Transfer	Wi-Fi 6 high-speed transfer (up to 100MB/s)
Lens	Replaceable front lens element
Battery	Fast charging with two-way charging hub
