Product Description

The **Redmi 15C (8GB/256GB)** is a feature-rich smartphone built for users who need smooth performance, ample storage, and exceptional battery life. It comes with a **6.9-inch HD+ LCD Dot Display** featuring an adaptive **120Hz refresh rate**, delivering a fluid and immersive experience for browsing, gaming, streaming, and everyday use.

At its core, the Redmi 15C is powered by the **MediaTek Helio G81-Ultra processor**, paired with 8**GB RAM and 256GB internal storage**. This combination ensures responsive multitasking, efficient app performance, and enough space for photos, videos, and applications. Storage can also be expanded via a microSD card.

Photography is handled by a **50MP AI dual rear camera system**, capable of capturing detailed photos and vibrant images in different lighting conditions. The **8MP front camera** is suitable for selfies, video calls, and online meetings.

The device is equipped with a massive **6000mAh battery** that easily lasts through a full day of intensive usage. With **33W fast charging**, users can quickly recharge the battery, while **10W reverse charging** allows the phone to power compatible accessories and devices.

Additional highlights include an **IP64 dust and splash-resistant design**, **side-mounted fingerprint sensor**, **AI face unlock**, **USB Type-C connectivity**, **3.5mm headphone jack**, and Xiaomi's ecosystem connectivity features. The Redmi 15C

offers excellent value for users seeking a dependable smartphone with a large display and long-lasting battery.
