Product Description

Lenovo LOQ 15IRX10 Gaming Laptop – Product Description

The **Lenovo LOQ 15IRX10** is a powerful gaming laptop built for gamers, creators, and users who need high-performance computing. It is powered by the **13th Gen Intel Core i5-13450HX processor**, delivering strong performance for gaming, multitasking, content creation, and demanding applications.

Equipped with **NVIDIA GeForce RTX 5050 8GB GDDR7 graphics**, the LOQ 15IRX10 provides excellent graphics performance for modern games and GPU-intensive workloads. The **16GB RAM** allows smooth multitasking, while the **512GB PCIe NVMe SSD** offers fast boot times, quick application loading, and responsive overall performance.

The **15.6-inch FHD IPS display with a 144Hz refresh rate** provides smooth visuals and responsive gameplay. Its **100% sRGB coverage** also makes it suitable for creative work where accurate and vibrant colors are important.

The laptop features a **backlit keyboard**, Windows 11, and a sleek **Luna Grey** design, making it a strong choice for both gaming and everyday productivity.
