Product Description

The Pantum P2200 Mono Laser Printer is a reliable print-only solution designed for fast, high-quality everyday printing. Delivering 20ppm (A4) / 21ppm (Letter) with sharp 1200×1200 dpi resolution, it produces professional-grade documents for home and office use. Powered by a 600MHz processor and 128MB RAM, it offers fast print speeds and high print convenience. Built for durability with a 15,000 pages monthly duty cycle, this compact printer is perfect for effective printing.
